Next Generation in Scalable Commercial Security Solutions

The reliability of hardwired security, paired with the flexibility of a wireless solution - suitable for a wide range of installations.

- **Wireless PowerG**
- **Detection**: (PIR & MW)

**Motion Detectors**
- **PG9934P**: Camera with Auxiliary Input
- **PG9945**: Contact
- **PG9975**: Temperature Detector
- **PG9985**: Flood Detector
- **PG9905**: Contact
- **PG9901**: Wireless Detector
- **PG9920**: Camera
- **PG9922**: Indoor Siren
- **PG9924**: Keypad with optional Prox Support
- **PG9938**: Shock
- **PG9939**: Software Support Control Panels
- **PG9949**: Host
- **PG9950**: Pan/Tilt/Zoom Camera

**Transmitters & Keypads**
- **HS2ICNRFx/HS2ICNRFPx**: with optional Prox Support
- **HS2LCDWFx/HS2LCDWFPx/HS2LCDWFPVx**: Full Message Detector

**Water Detectors**
- **PGx935**: Shock

**Smoke Detectors**
- **PGx922**: Wireless Detector with Integrated Outdoor PIR

**Audio Devices & Panic Buttons**
- **HS2TCHP**: 7 inch Hardwired Touchscreen Keypad

**PowerG**
- **PGx930**: Software Support Control Panels
- **PGx934P**: Camera
- **PGx944**: Camera with PowerG Platform Enhanced

**HSM2HOST9**
- **The reliability of hardwired security, paired with the flexibility of a wireless solution - suitable for a wide range of installations.**

**Sirens, Repeaters & Transceivers**
- **CD8080/CD8080(I)**: Communicators & Transmitters compatible with Communicator
- **3G8080/3G8080(I)**: Communicators & Transmitters compatible with Communicator
- **HSPA Cellular Administrator**

**Remote Modules**
- **HS2128 From 6 to 128 zone control panel
- **HS2ICNRFx/HS2ICNRFPx**: with optional Prox Support
- **HS2LCDRFx/HS2LCDRFPx**: with optional Prox Support
- **HS2128**: 4-Button with/without pet immune

**Software**
- **HSM2HOST9**: Software in white and brown
- **HSM2204**: Support
- **HSM2208**: Support
- **HSM2955**: Technology (PIR Two-Way & MW) Motion

**Keypads**
- **ICON Hardwired Keypad with/without Prox Support
- **3G2080(R)**: 2-Button Communicator Support in black and white
- **3G2080/3G2080(I)**: 2-Button Communicator Support in black and white

**Modules**
- **HS2128**: From 6 to 128 zone control panel
- **HS2ICNRFx/HS2ICNRFPx**: with optional Prox Support
- **HS2LCDRFx/HS2LCDRFPx**: with optional Prox Support

**Networks**
- **HS2ICNRFx/HS2ICNRFPx**: with optional Prox Support
- **HS2LCDRFx/HS2LCDRFPx**: with optional Prox Support

**Intercoms & Transceivers**
- **HS2TCHP**: 7 inch Hardwired Touchscreen Keypad
- **HS2ICNRFx/HS2ICNRFPx**: with optional Prox Support
- **HS2LCDRFx/HS2LCDRFPx**: with optional Prox Support

**Camera**
- **HS2TCHP**: 7 inch Hardwired Touchscreen Keypad
- **HS2ICNRFx/HS2ICNRFPx**: with optional Prox Support
- **HS2LCDRFx/HS2LCDRFPx**: with optional Prox Support

**Support**
- **HS2128**: 4-Button with/without pet immune
- **HS2ICNRFx/HS2ICNRFPx**: with optional Prox Support
- **HS2LCDRFx/HS2LCDRFPx**: with optional Prox Support

**HSPA Cellular**
- **HS2ICNRFx/HS2ICNRFPx**: with optional Prox Support
- **HS2LCDRFx/HS2LCDRFPx**: with optional Prox Support

**Keypads**
- **ICON Hardwired Keypad with/without Prox Support
- **3G2080(R)**: 2-Button Communicator Support in black and white
- **3G2080/3G2080(I)**: 2-Button Communicator Support in black and white

**Modules**
- **HS2128**: From 6 to 128 zone control panel
- **HS2ICNRFx/HS2ICNRFPx**: with optional Prox Support
- **HS2LCDRFx/HS2LCDRFPx**: with optional Prox Support

**Networks**
- **HS2ICNRFx/HS2ICNRFPx**: with optional Prox Support
- **HS2LCDRFx/HS2LCDRFPx**: with optional Prox Support
From 2010 when PowerG was introduced, it revolutionized the wireless industry. Today as a result of extensive research and development, it is clear that PowerG’s ability to provide robust communication – even in areas that were previously only suitable for hardwired applications – makes it ideal for a wide range of applications. The power of the technology lends itself to a multitude of installs, including residential through to small enterprises and big-box operations.

Technology Highlights:

- Full two-way communication to ensure there are no lost alarm messages
- Multi-channel, Frequency Hopping Spread Spectrum (FHSS) technology that overcomes frequency blocking and interference
- Devices dynamically optimize their route to the control panel to avoid RF interference
- TDMA-synchronized communication technology eliminates message collisions
- AES-128 encryption protects against powerful analysis tools and digital attacks

The most dynamic and powerful wireless protocol available today

Advanced Technology
Optimized installation & maintenance - less time at the premises
Energy saving, long battery life
Total control from remote - for central monitoring services
Mixture - already improved

PowerSeries Neo capitalizes on PowerG, the industry’s leading-edge wireless intrusion technology, to offer a series of robust features geared towards decreasing operational costs while providing ultimate reliability in a security system. Unnecessary site checks and incremental high costs that can be incurred by false alarms are substantially reduced. With the simplicity of PowerG devices, solutions can be easily customized to suit even the most specific needs.

Compatible with leading-edge interactive solutions supported by DSC for a variety of smart control monitoring features, PowerSeries Neo ensures growth in the future through a complete line of expansion modules as well as through additional RMR services such as alarm verification.

To order the PowerSeries Neo system, please call 1 905.760.3000 | 1 888.888.7838 Toll-free in US & Canada
