Product Change Notice: WT5500 Keypads with Blue Display

DSC has begun producing WT5500 keypads with a blue LCD display and white backlighting LED's.

Featuring a vibrant blue LCD display, these WT5500 keypads are the perfect complement when adding an additional keypad to the IMPASSA Self-Contained Wireless Security System.

Key Features:

- Large 2x16 blue display
- White Key Backlighting
- Intuitive clock programming
- Multi-Language support
- Installers programming
- Front and Back Tamper
- Multiple Door Chime
- Proximity Tag Support (with models supporting Proximity function)
- Compatible with IMPASSA* and ALEXOR panels

Part numbers and pricing remains unchanged. Products containing the WT5500 with a blue display can be identified by a sticker on the product carton.

*Note: WT5500 version 1.3 required for IMPASSA compatibility.
