

## THE NEW POWERSERIES SECURITY SYSTEM CONTROL PANELS

The brain that powers your security system is the control panel. Already a world leader for decades, POWERSERIES control panels were recently reinvented for a changing security landscape and the conveniences of home automation.

### EXCEPTIONAL VALUE

More than 100 added features to protect families, business people & property.

### BETTER SECURITY

Systems comply with worldwide false alarm prevention standards, ensuring emergency services will respond when you need them, protecting you from municipal charges where applicable.

### ADVANCED SECURITY

Systems support wireless, video, internet, home automation, and lots of new & customizable operating features for all your security needs & preferences. Video look-in helps you check on children, nannies, the elderly or your business, from work stations or PDAs. Plus they are designed for simple add-ons of very innovative future capabilities.

### RELIABLE & EASY TO USE

DSC has been renowned worldwide for decades for producing security technologies that are highly reliable and easy to use.

### TROUBLE-FREE

Designed for simple and quick installation and upgrading.
