

## T-LINK FROM DSC: IT'S A NEW ERA!

"Award-winning DSC Internet and network solutions are changing security in retail businesses...Now I don't worry about phone line failure or phone line costs."

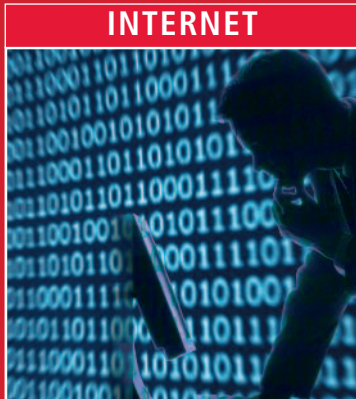

# Fast, reliable, controlled by you and big savings!

- ▶ T-Link from DSC uses your existing broadband connection.
- ▶ You can eliminate two dedicated phone lines for fire monitoring.
- ▶ Saves you \$ hundreds or thousands per year.
- ▶ Avoids security system phone line failure.
- ▶ Detects failures within 90 seconds.
- ▶ Events are received faster at the monitoring station, so response is quicker.
- ▶ Security managers can use existing network and DLS2002SA software to manage system, add/delete users and download events.

**Progressive technology. Powerful security. It's a new era!**
