DSC Structured Cabling

Video Splitters

DSC's 1 and 3 GHz video splitters provide high-quality, reliable video distribution. The angled mounting brackets maximize enclosure space and minimize cable strain.

Description	Part Number
1x3 RF Splitter Module F-Connector 1 GHz	SAM-RF3-DSC
1x4 RF Splitter Module F-Connector 1 GHz	SAM-RF4-DSC
1x6 RF Splitter Module F-Connector 1 GHz	SAM-RF6-DSC
1x8 RF Splitter Module F-Connector 1 GHz	SAM-RF8-DSC
1x2 RF Splitter Module F-Connector 3 GHz	SAM-RFH2-DSC
1x3 RF Splitter Module F-Connector 3 GHz	SAM-RFH3-DSC
1x4 RF Splitter Module F-Connector 3 GHz	SAM-RFH4-DSC
1x6 RF Splitter Module F-Connector 3 GHz	SAM-RFH6-DSC
1x8 RF Splitter Module F-Connector 3 GHz	SAM-RFH8-DSC
Satellite 3x4 Multi-Switch Module	SAM-MS34-DSC

Video and Splitter Combo Modules

DSC audio and video combo modules save space and money for value installs.

Description	Part Number
4-Line In, 10-Line Out, 1x4 RF Splitter Voice Video Combination Module	SAM-VV4-DSC
4-Line In, 10-Line Out, 1x6 RF Splitter Voice Video Combination Module	SAM-VV6-DSC
4-Line In, 10-Line Out, 1x8 RF Splitter Voice Video Combination Module	SAM-VV8-DSC

Video Amplifiers

DSC bi-directional RF amplifiers boost the incoming signals from CATV, satellite or antenna sources. This results in higher quality video performance.
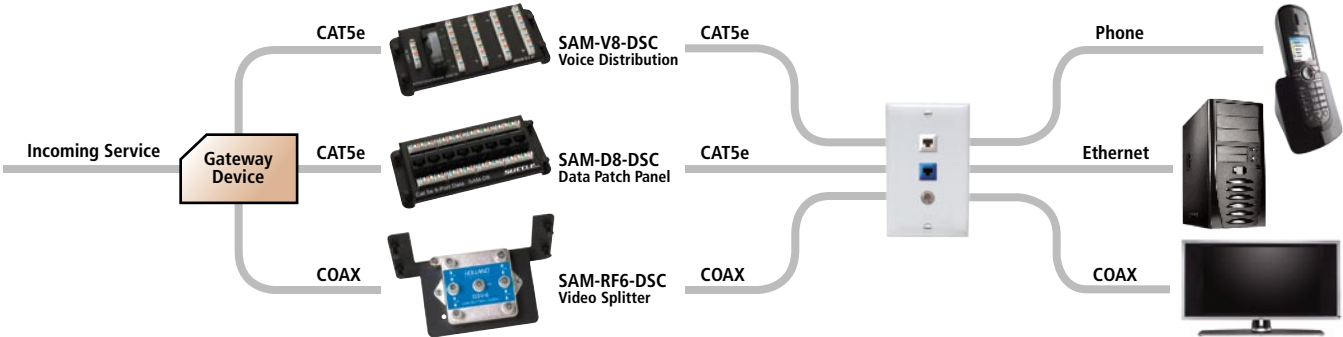

Description	Part Number
1x1 Bi-Directional RF Amplifier 15DB Power Passing (Forward)	SAM-RFBA11-DSC
1x8 Bi-Directional Amplifier Splitter 1 GHz DC Power Adapter	SAM-RFBA18-DSC
3x8 Bi-Directional Amplifier Splitter 1 GHz DC Power Adapter	SAM-RFBA38-DSC

Custom Mounting Plates

DSC works hard to ensure that the products we offer are fast and easy to install, from our core product offering right down to the accessories. DSC mounting plates have been created for the easiest and fastest possible installation of PowerSeries™ security products with the DSC Structured Cabling solution.

Description	Part Number
Module Mounting Plate – 4.45″ x 6.45″	SAM-AM-DSC
PowerSeries™ Panel Mounting Plate – 6.45″ x 7.75″	SAM-CB-DSC
Mounting Plate – 3″ x 6.5″	SAM-B-DSC
Mounting Plate – 5.5″ x 6.5″	SAM-B3-DSC
Door Lock with Key	SAE-LOCK-DSC

How Does It Work?

CAT5e — SAM-V8-DSC Voice Distribution — CAT5e — Phone

Incoming Service — Gateway Device — CAT5e — SAM-D8-DSC Data Patch Panel — CAT5e — Ethernet

COAX — SAM-RF6-DSC Video Splitter — COAX — COAX

DSC STRUCTURED CABLING

Today's new homes and home renovation projects require the integration of audio, video, security, and other low-voltage systems. The backbone of any integrated home is the structured cabling system that makes it both possible and affordable.

DSC®

DSC WORKS

DSC Structured Cabling

New DSC Structured Cabling in partnership with Suttle allows users to seamlessly integrate technology into their home, enhancing and simplifying their lives. A standards-based system of cabling, DSC Structured Cabling distributes communication services like voice and video from a central location over a network of built-in cables throughout a home or office. Entertainment and lifestyle products popular today and in the future can now be easily integrated to provide lifestyle enhancements and create long-term value for a home.

DSC is committed to assisting our security distributors and dealers in taking advantage of the tremendous growth opportunity available in the structured cabling market. DSC believes that the intrusion alarm system is the logical place to begin a home or small business structured cabling solution. That's why we're offering a complete suite of structured cabling products and accessories that ensure you have everything you need to offer a complete low-voltage system.

Enclosures

DSC enclosures provide a fast, flexible and simple distribution management solution for home automation needs. Install multiple phone lines, allow for access to any room, broadcast satellite or cable TV, or distribute music throughout your house – DSC enclosures have the versatility to help you do it all from a single location. What's more, they'll keep doing it – now and in the future – with easy-to-use, plug-and-play multi-media DSC modules that can be changed as needs change.

Homeowners will love the lifestyle enhancement this product provides, and the clean look and finish of our enclosures, making them a welcome addition to any home design.

Description	Part Number
14" Enclosure Door	SADC-14 DSCL
21" Enclosure Door	SADC-21 DSCL
28" Enclosure Door	SADC-28 DSCL
42" Enclosure Door	SADC-42 DSCL
14" and 28" Split Dual Door Combination	SADDC-1428 DSCL
14" Enclosure No Door	SAE-14-DSC
21" Enclosure No Door	SAE-21-DSC
28" Enclosure No Door	SAE-28-DSC
42" Enclosure No Door	SAE-42-DSC
42" Enclosure with Separator for Dual Door Application	SAE-42EPM-DSC

Modules

Voice Modules

Homeowners today expect more than a single phone line in their home. It's not uncommon to have multiple phone lines, DSL, digital services and more. DSC voice modules ensure that all these needs can be met without rewiring. And even more importantly, these products are designed for homeowners' needs today and in the future.

Data Modules

DSC data modules allow homeowners to access the Internet on any network enabled device from any room in the home. In addition, they allow computers within the home to share printers, fax machines, files, pictures, games, music and much more.

Active Module

The 10/100 Ethernet switch and 4-port router modules provide fast Ethernet switching ensuring high-performance and low-cost connectivity.

Description	Part Number
4-Line In, 10-Line Out 110 IDC BLCKS RJ31X Alarm Jack and 2 RJ45 Test Jacks	SAM-V10-DSC
10 Port Voice Expansion Module	SAM-VX10-DSC
4-Line In, 8-Line Out 110 IDC BLCKS RJ31X Alarm Jack and 2 RJ45 Test Jacks	SAM-V8-DSC
8- Port Voice/Data Patch Module Cat5e RJ45	SAM-D8-DSC
Centrally Based DSL Filter Module	SAM-DSL-DSC
4-Port 10/100 Router Firewall Protection	SAM-RTR4-DSC
8-Port 10/100 Switch Integrated Power Adapter	SAM-SWBU-DSC
