

Product Change Note

PowerSeries NEO/PowerSeries PRO Alarm.com Dual Path Communicator

Date: January 30, 2021

Region: North America

Product: TL880LEAT N

Brand: DSC

Scope

We are pleased to announce that the PowerSeries NEO/PowerSeries PRO Alarm.com Dual Path Communicator (TL880LEAT N) is now offered with firmware v.191.a, which brings with it the following changes:

- Improved OTA Process: The OTA firmware upgrades are more stable and happen more quickly
- OTA upgrades can be done from older than previous versions straight to v.191.a
- Smarter Business Temperature Monitoring: This feature is paired with the PowerG Temperature Sensor (PG9905) which provides affordable, 24x7 monitoring, real-time alerts, and historical temperature reporting to support the temperature control needs of customers

Affected Part Numbers

Part Number	Previous Firmware Version	New Firmware Version
TL880LEAT N (AT&T)	v.189.g	v.191.a

Notes

- The update to v.191.a is a rolling change in our factory
- TL880LEAT N units with older firmware versions can be updated to the new version by using the Alarm.com OTA upgrade function
