Discontinuation Notice

PowerSeries Product Line End of Life

Date: September 28st, 2021

Region: ANZ

Product: PowerSeries Product Line

Brand: DSC

Scope

We would like to inform you that we will be discontinuing the PowerSeries product line, together with some remaining Maxsys, Alexor and Impassa SKUs, in APAC markets. The discontinuation dates are provided at the bottom of this message. Please place your orders accordingly as we will only be able to support the transition until the suggested dates.

As a replacement to PowerSeries, we recommend all our customers transition over to PowerSeries Neo for all their residential and small-business needs, PowerSeries Pro for all their commercial needs (wherever applicable – please consult your sales representative) and PowerG devices for wireless detectors and devices needs.

PowerSeries Neo allows customers to retain the strengths of PowerSeries product line, while allowing much more:
- Best wireless technology on the market – PowerG – with 2-way communication, encryption, long range and long battery lifetime
- 3G and dual communication options
- Visual verification
- User and installer applications
- Up to 128 zones, 128 outputs
- Up to 1000 users
- Remote firmware upgrade

PowerSeries Pro introduces several features required in commercial environment:
- EN Grade 3 certification
- Up to 248 zones, 32 partitions, 32 keypads
- On-board Ethernet communicator
- Additional current
- Removable terminals
- Triple EOL support and wireless anti-masking capabilities
- Programmable hardwired zones resistance
- User and installer applications
