

New Product Announcement

Hardwired detectors

LC-200, LC-203, LC-204, LC-224

Date: February 1, 2024

Region: NA

Product: LC-2xx hardwired detectors

Brand: DSC

We are pleased to announce the release of a new line of LC-2xx hardwired detectors. The LC devices are fully digital PIR detectors, and are designed to deliver unprecedented detection accuracy compared to traditional detectors with analog PIR and digital processing.

LC detectors feature top quality and detection efficiency, achieved thanks to lenses designed using LODIFF® technology and made from POLY IR® materials. To shorten the time of installation and simplify the process, the LC detectors feature built-in EOL resistors with the values required by PowerSeries Neo and PowerSeries PRO control panels. Installers may choose to use their own resistors for compatibility with any other hardwired control panel. The overall security of the installed system is further enhanced with double tamper protection (case opening and tearing from the wall).

Features, Benefits & Value

Feature	Benefit	Value
Fully digital pyro	Increased detection accuracy	Less false alarms
Internal built-in EOL resistors	No resistors needed when used with PowerSeries Neo and PowerSeries PRO	Lower cost and shorter installation time
AND/OR logic with dual detectors	Installers may optimize the way detector works in certain conditions	Higher flexibility, more use cases
Compatible with any hardwired control panel	Installers can choose the control panels they use with detector	

Availability

Now available for orders

Products		
Part	Description	MOQ
LC-200	Hardwired Passive Infrared Motion Detector, Pet Immunity up to 33 lbs (15 kg), Form A, No Logo.	100
LC-203	Hardwired Dual-Tech Passive Infrared and Microwave Motion Detector with Anti-Masking, Pet Immunity up to 33 lbs (15 kg), Form A, No Logo.	100
LC-204	Hardwired Dual-Tech Passive Infrared and Microwave Motion Detector, Pet Immunity up to 33 lbs (15 kg), Form A, No Logo.	100
LC-224	Hardwired Dual-Tech Passive Infrared and Microwave Motion Detector, Pet Immunity up to 33 lbs (15 kg), Form C, No Logo.	100
LC-L2ST	Wall Bracket for LC-200, LC-203, LC-204, LC-224 Detectors	50
