With the LCD5501Z keypad, you can:

1. Display
2. System Lights
3. Number Pad
4. Function Pad
5. Emergency Keys

The LCD5501Z keypad works similarly to the other keypads described in your system’s Instruction Manual. For more information on individual functions, see your system’s Instruction Manual.

Viewing Open Zones
Before you can arm your system, all the zones must be closed. If some zones are currently open, the keypad will display “Open”, and the Ready light will be off. To see the numbers of the open zones, press [1]. Before you try to arm your system, go to the open zones and close all doors and windows, and make sure no one is present in zones with motion detectors.

Viewing Zones in Alarm
If there is an alarm on your system the keypad will display “Alarm” and will scroll the numbers of the zones affected.

WARNING: Please refer to the System Instruction Manual for information on limitations regarding product use and function and information on the limitations as to liability of the manufacturer.
