

HS-PLF120 Power Line Filter

INSTALLATION INSTRUCTIONS

The HS-PLF120 is a fused plug-in module that prevents noise from PC power supplies, televisions, and other noise-generating entertainment devices and appliances from being broadcast over the power line network and possibly interrupting CEBus or other power line communications protocols.

To ensure maximum power line communications, install an HS-PLF120 on all potential noise sources.

1. Unplug the device or appliance power cord from the wall outlet.
2. Plug the filter into the wall outlet.
3. Plug the power cord from the device or appliance into the filter.

Note: The HS-PLF120 contains a replaceable 8A 250VAC fuse. Replace only with a fuse of the same rating.

Specifications

Supply Voltage: 120VAC ± 10%, 60Hz

Output Load: 780W maximum

Operating Temperature: -20°C to 40°C, non-condensing humidity

. Note: For indoor use only

Indicators: 1 Green LED – Power ON

Agency Listings: UL, ULC

Caution: Do NOT exceed the electrical ratings listed here.

Warranty

Digital Security Controls Ltd. warrants that for a period of 12 months from the date of purchase, the product shall be free of defects in materials and workmanship under normal use and that in fulfillment of any breach of such warranty, Digital Security Controls Ltd. shall, at its option, repair or replace the defective equipment upon return of the equipment to its repair depot. This warranty applies only to defects in parts and workmanship and not to damage incurred in shipping or handling, or damage due to causes beyond the control of Digital Security Controls Ltd. such as lightning, excessive voltage, mechanical shock, water damage, or damage arising out of abuse, alteration or improper application of the equipment.

The foregoing warranty shall apply only to the original purchaser, and is and shall be in lieu of any and all other warranties, whether expressed or implied and of all other obligations or liabilities on the part of Digital Security Controls Ltd. Digital Security Controls Ltd. neither assumes responsibility for, nor authorizes any other person purporting to act on its behalf to modify or to change this warranty, nor to assume for it any other warranty or liability concerning this product.

In no event shall Digital Security Controls Ltd. be liable for any direct, indirect or consequential damages, loss of anticipated profits, loss of time or any other losses incurred by the buyer in connection with the purchase, installation or operation or failure of this product.

WARNING: Digital Security Controls Ltd. recommends that the entire system be completely tested on a regular basis. However, despite frequent testing, and due to, but not limited to, criminal tampering or electrical disruption, it is possible for this product to fail to perform as expected

IMPORTANT INFORMATION: Changes or modifications not expressly approved by Digital Security Controls Ltd. could void the user's authority to operate this equipment.
