2. If a knockout (tab) is removed during the installation, it is the installer’s responsibility to ensure that the same degree of protection for the cabinet is provided by the use of bushings, fittings, etc.

3. The enclosure must be secured to the building structure before operation.

4. The equipment is intended to be installed by SERVICE PERSONS ONLY or equivalent (i.e., persons having appropriate technical training and the experience necessary to be aware of hazards to which they may be exposed in performing that task and of the measures to minimize the risks to themselves and other persons.).

5. Internal wiring must be routed in a manner that prevents:
   - excessive strain on wire and on terminal connections;
   - loosening of terminal connections;
   - damage of conductor insulation.

6. The power supply must be PERMANENTLY CONNECTED.

7. The transformer box must be mounted vertically on a wall made from non-combustible materials only (see Diagram 3).

8. If the mains supply remains below 215Vac for an extended period of time the SCW9045/47 battery will not charge.

**Limited Warranty**

Digital Security Controls warrants that for a period of twelve months from the date of purchase, the product shall be free of defects in materials and workmanship under normal use and that in fulfilment of any breach of such warranty, Digital Security Controls will, at its option, repair or replace the defective equipment upon return of the equipment to its factory. This warranty applies only to defects in parts and workmanship and not to damage incurred in shipping or handling, or damage due to causes beyond the control of Digital Security Controls such as lightning, excessive voltage, mechanical shock, water damage, or damage arising out of abuse, alteration or improper application of the equipment. The foregoing warranty shall apply only to the original buyer, and is and shall be in lieu of any and all other warranties, whether expressed or implied and of all other obligations or liabilities on the part of Digital Security Controls. This warranty contains the entire warranty. Digital Security Controls neither assumes responsibility for, nor authorizes any other person purporting to act on its behalf to modify or to change this warranty, nor to assume for it any other warranty or liability concerning this product. In no event shall Digital Security Controls be liable for any direct or indirect or consequential damages, loss of anticipated profits, loss of time or any other losses incurred by the buyer in connection with the purchase, installation or operation or failure of this product.

**WARNING:** Digital Security Controls recommends that the entire system be completely tested on a regular basis. However, despite frequent testing, and due to, but not limited to, criminal tampering or electrical disruption, it is possible for this product to fail to perform as expected.
