- Easy-to-understand icon symbols
- Modern, slim-line design blends into any decor
- Wiring channel for easy installation
- Standard PowerSeries programming sections

PowerSeries PC1404 RKZ Keypad: Simplicity Defined

Introducing the 8 zone PowerSeries PC1404RKZ keypad from DSC – the newest entry in the PowerSeries keypad product family. Perfect for budget installations or as additional keypads, this value series wired keypad balances aesthetics and functionality with the quality you expect from DSC.

The high-quality, slim-profile keypads are quick to install with an integrated wire channel for flushmount applications, four programmable function keys and dual FAP (Fire, Auxiliary and Panic) keys.

Clean and Simple Interface

The clean and simple PowerSeries PC1404RKZ keypad keeps users top of mind. The white, sleek design blends into any decor. The large integrated number pad and icon display has only 12 input buttons and 16 easy-to-read status lights. Critical alarms are simple to access – press and hold for 2 seconds the #1 and #3 keys for Fire, #4 and #6 for Auxiliary, and #7 and #9 for Panic. The #2, #5, #8 and #0 keys can be programmed for simple one button functions, holding for 2 seconds activates commonly used system functions such as Stay, Away or Door Chimes.

The keypad features easy-to-read, universally accepted LED backlit icons to provide real-time status of all panel activity. Numbers on the top right indicate any zones in alarm. The convenient nightlight feature, powered by two on-board LEDs, make it easier to locate the keypad in the dark. Just press any key and the full light returns. The nightlight level of brightness can be adjusted as needed or disabled.

Compact Design

Only a small space to install a keypad? The compact PowerSeries PC1404RKZ keypad has the smallest footprint of all the PowerSeries keypads. The housing design even includes an integrated wiring channel for easy installation.

Uncompromised Quality and Value

The PowerSeries PC1404RKZ keypad delivers a value solution without compromising quality and reliability. Each wired keypad supports a zone with a maximum of 4 keypads on the system allowing up to 8 zones total zone expansion. Programming functionality is similar to other PowerSeries keypads so install time is quick and problem free.
