### DSC Touch Integration

DSC Touch is an innovative smart panel which provides customers with home management and interactive security capabilities in an all-in-one, intuitive and easy to use interface.

### Exacq Integration

The exacqVision line of hybrid and IP camera servers provides a complete, out-of-the box VMS solution. exacqVision hybrid servers seamlessly integrate analog and IP cameras, allowing customers to utilize their existing surveillance system and easily upgrade to the latest IP technology.

### Kantech Integration

By integrating all security assets such as intrusion detection, access control, video and telephone entry into one common platform, users can interface with just one system, for greater simplicity and optimum control. The integration kits connect a DSC intrusion alarm panel to a Kantech access control system to create a single unified solution. Integration with DSC PowerSeries or MAXSYS intrusion alarm panels allows the access control system to receive intrusion events, view zone status and to manage partitions/user codes.

### PowerSeries Neo

As the most comprehensive hybrid system available in the market today, PowerSeries Neo offers flexible scalability and a number of expansion opportunities. A variety of control panels, a wide range of compatible PowerG- enabled wireless devices and a complete line of expansion modules protecting the investment and ensure growth in the future...
