**DSC FEATURED IN SEGMENT OF AMERICAN CHOPPER JANUARY 21, 2010!  
DSC ALEXOR SECURITY SYSTEM IS INSTALLED AT ORANGE COUNTY CHOPPERS**

**DSC and the ALEXOR Wireless Panel is expected to be featured in the latest episode of AMERICAN CHOPPER on TLC.**

DSC's affiliation with OCC came when DSC commissioned them to create an ALEXOR themed, custom-painted "Zero Gravity" bike – unveiled for the first time at the ISC WEST Security exhibition in Las Vegas in April 2009 by Paul Teutul Sr ("Senior").

At ISC WEST, **DSC** challenged security installers to race against the clock to install the new ALEXOR wireless panel via DSC's Power of Speed Game. **Kelly Walker** of Absolute Security, Fire & Design Inc out of Rogers, Arkansas was the grand prize winner. With the fastest time, Kelly won the opportunity to meet Paul Teutul Sr. and install ALEXOR & the 2-Way Wireless Security Suite at OCC Headquarters. The installation was filmed by the AMERICAN CHOPPER crew and is expected to be featured as a part of this week's episode!

Kelly Walker has worked in the electronics industry for close to 25 years and has owned Absolute Security, Fire & Design Inc. since 1992. One of the area's larger alarm companies, the company serves the four state area of Arkansas, Oklahoma, Missouri and Kansas. *"I am a big fan of DSC and have installed their products since 1985,"* says Kelly. *"The new ALEXOR wireless panel simply has the fastest installation time and the homeowner can have a full-service security system quickly and with little compromise to the home structure. DSC makes my job easier."*

Find out more by tuning into TLC to watch "Senior", Kelly, DSC, the ALEXOR bike and the install:

**Thursday, January 21, 2010  
9:00 PM, Eastern**
